

Confident Care in Aged Care

Virtual Learning Hour

Developing clinical reasoning

Audience: All aged care staff and healthcare providers working in aged care settings

This one-hour session introduces the core definition of clinical reasoning, explores common challenges that learners face, and presents practical frameworks to support clearer, more confident clinical decision-making. Participants will learn to recognise clinical reasoning pitfalls, structure their clinical thinking, and guide learners toward safer, more effective practice.

Tuesday 24 Nov 2026

2:00 pm - 3:00 pm

Presenter

Melissa (Melba) Ridd

Lecturer in Remote Health
(Allied Health)

Rural and Remote
Health NT
