

Northern Territory of Australia

*Public and Environmental Health Act 2011*

## **COVID-19 Directions (No. 22) 2022: Directions for infected persons and close contacts**

I, Hugh Crosbie Heggie, Chief Health Officer, under section 52 of the *Public and Environmental Health Act 2011*, consider it necessary, appropriate or desirable to take action to alleviate the public health emergency in the Territory, declared by instrument entitled "Declaration of Public Health Emergency" dated 18 March 2020 (the **public health emergency declaration**), by making the following directions:

### **Part 1 Preliminary matters**

- 1 These Directions take effect at the time they are made and remain in force until the public health emergency declaration ceases to be in force.

*Note for direction 1*

*The period the public health emergency declaration is in force has been extended under section 50(2) of the Public and Environmental Health Act 2011. These Directions remain in force during the periods of extension.*

- 2 The following Directions are revoked:
  - (a) COVID-19 Directions (No. 4) 2022;
  - (b) COVID-19 Directions (No. 13) 2022.

- 3 In these Directions:

**aged care facility** means a facility that provides the following:

- (a) residential care as defined in section 41-3 of the *Aged Care Act 1997 (Cth)*;
- (b) residential care that is funded by a grant agreement under the National Aboriginal and Torres Strait Islander Flexible Aged Care Program.

**approved** means approved by the Chief Health Officer.

**approved COVID-19 testing procedure**, see direction 4.

**child** means a person who is under 18 years of age.

**close contact**, see direction 13.

**essential worker** means a person declared by the Schedule to be an essential worker.

**health practitioner** means a person registered under the Health Practitioner Regulation National Law to practise in a health profession (other than as a student).

**high risk place** means any of the following

- (a) a hospital;
- (b) a residential facility within the meaning of section 2 of the *Disability Services Act 1993*;
- (c) a custodial correctional facility within the meaning of section 11 of the *Correctional Services Act 2014*;
- (d) a detention centre within the meaning of section 5 of the *Youth Justice Act 2005*;
- (e) an aged care facility.

**infected**, see direction 10.

**isolation period**, in relation to an infected person, means the period for which a person must be isolated under direction 11, calculated in accordance with direction 5.

**quarantine period**, in relation to a close contact, means the period for which a person must be in quarantine under direction 16, calculated in accordance with direction 6.

**suitable place**, see direction 7.

**symptoms**, in relation to COVID-19, include fever (a temperature of 37.5°C or higher), chills or night sweat, cough, sore throat, tiredness (fatigue), difficulty breathing, headache, muscle pain (myalgia), loss of

sense of smell (anosmia), distortion of sense of taste (dysgeusia), nausea and vomiting, joint pain, loss of appetite, runny nose and acute blocked nose (congestion).

*Note for definition **symptoms***

See <https://coronavirus.nt.gov.au/stay-safe/symptoms-testing>

**vaccinated**, in relation to a person, means the person:

- (a) is vaccinated with at least 2 doses of a COVID-19 vaccine approved by the Therapeutic Goods Administration, Commonwealth Department of Health for use in Australia; or
- (b) is vaccinated with an approved number of doses of a COVID-19 vaccine recognised by the Therapeutic Goods Administration, Commonwealth Department of Health for the purpose of travel to Australia.

*Note for definition **vaccinated***

For vaccines see: [International COVID-19 vaccines recognised by Australia | Therapeutic Goods Administration \(TGA\)](#).

- 4 An **approved COVID-19 testing procedure** for a person consists of:
  - (a) subject to paragraph (b), a rapid antigen test approved by the Therapeutic Goods Administration, whether or not self-administered; or
  - (b) a polymerase chain reaction test only if specified or required by the person's treating health practitioner, the Chief Health Officer or a delegate of the Chief Health Officer.
- 5 An isolation period is calculated as follows:
  - (a) the period starts when the person:
    - (i) submits to or administers the approved COVID-19 testing procedure that resulted in the positive result; or
    - (b) is notified by an authorised officer or health practitioner that the person is infected with COVID-19;
  - (b) the period ends at 12:00 noon on the last day of the period.

*Example for direction 5*

*In the case of a 7-day isolation period, a person who administers the test at 11:00 pm on 12 January 2022 must remain isolated until 12 noon on 19 January 2022.*

- 6 A quarantine period is calculated as follows:
- (a) the period starts:
    - (i) in the case of a person who is a close contact of an infected person – on the first day of contact with the infected person while the infected person was infectious; and
    - (ii) in the case of a person who is notified by me, my delegate or an authorised officer that they are a close contact – at the time specified in the notification;
  - (b) the period ends at 12:00 noon on the last day of the period.

*Example for direction 6*

*In the case of a 14-day quarantine period, a person who was last in contact with an infected person at 11:00 pm on 12 January 2022 must remain in quarantine until 12 noon on 26 January 2022.*

- 7 A place is a **suitable place** for isolation or quarantine for a person if the place:
- (a) is a residence, a room, an apartment or a unit in commercial visitor accommodation or a hospital; and
  - (b) is capable of accommodating the person for the person's isolation period or quarantine period; and
  - (c) has a particular attribute or has access to a particular facility determined by me.

8 These Directions prevail to the extent of any inconsistency with my COVID-19 Directions (No. 142) 2021, as amended, or any subsequent Directions that replace and substantially correspond to those Directions.

9 If these Directions are inconsistent with an advice, order or notice under the *Notifiable Diseases Act 1981*, the advice, order or notice prevails to the extent of the inconsistency.

*Example for direction 9*

*A person may be ordered under the Notifiable Diseases Act 1981 to isolate for longer than the quarantine period or to undertake a specific course of medical treatment.*

## Part 2      **Infected persons**

- 10      A person is considered to be ***infected*** and must isolate in accordance with direction 11 if the person:
- (a)      returns a positive result to an approved COVID-19 testing procedure; or
  - (b)      is notified by an authorised officer or health practitioner that the person is infected with COVID-19.
- 11      An infected person must travel directly to a suitable place for isolation and remain isolated in that place for the following isolation period or any longer period required under direction 31:
- (a)      if the infected person is vaccinated and has no symptoms of COVID-19 on the 7th day of the person's isolation – 7 days;
  - (b)      if the infected person is vaccinated and has symptoms of COVID-19 on the 7th day of the person's isolation – until the symptoms have resolved or a medical practitioner specifies in writing that the person is no longer infectious;
  - (c)      if the infected person is not vaccinated and has no symptoms of COVID-19 on the 10th day of the person's isolation – 10 days;
  - (d)      if the infected person is not vaccinated and has symptoms of COVID-19 on the 10th day of the person's isolation – until the symptoms have resolved or a medical practitioner specifies in writing that the person is no longer infectious.
- 12      For the purposes of direction 11, the isolation period for a child (regardless of vaccination status) is the same as for a vaccinated person.

## Part 3 Close contacts

### Division 1 General matters

13 Subject to directions 14 and 15, a person is considered to be a **close contact** of an infected person and must quarantine in accordance with direction 16 if the person:

- (a) resides with or stays overnight in the same premises as an infected person; or
- (b) is in close contact with an infected person for continuous 4 hours or more while indoors with the infected person who is infectious; or
- (c) is notified by me, my delegate or an authorised officer that the person is a close contact of an infected person.

*Examples for direction 13(b)*

- 1 *Friends who have face to face contact at an indoor dinner party.*
- 2 *Workers who attend an all-day office workshop together in a conference room.*
- 3 *People travelling together in a car.*

14 For 28 days after completing an isolation period, a formerly infected person is not to be considered a close contact only because of contact with an infected person who resides in the same premises.

15 A person in quarantine is not to be considered a close contact of another person if:

- (a) the other person resides in the same premises as the person in quarantine; and
- (b) the other person becomes infected while the person is in quarantine; and
- (c) the person is in quarantine because of contact with another resident of the premises who was infected.

16 A close contact must travel directly to a suitable place for quarantine and remain quarantined in that place for the following quarantine period:

- (a) if the close contact is not more than the age to attend grade 12 and has no symptoms of COVID-19 – 0 days (no quarantine period);

- (b) if the close contact is not more than the age to attend grade 12 and has symptoms of COVID-19, but has not returned a positive result after submitting to or self-administering a rapid antigen COVID-19 testing procedure – 7 days
- (c) if the close contact is more than the age to attend grade 12 and is vaccinated – 7 days;
- (d) if the close contact is more than the age to attend grade 12 and is not vaccinated – 14 days;
- (e) if quarantine is required under direction 23 or 31 – any longer period required under the direction.

*Note for direction 16*

*Part 2 applies to a person who returns a positive result to an approved COVID-19 testing procedure.*

- 17 A close contact attending middle school or senior school, must submit to or self-administer a rapid antigen COVID-19 testing procedure and return a negative result, before entering the school on any of the first 7 days after becoming a close contact.
- 18 Despite direction 16, a close contact in quarantine who is an essential worker may leave their suitable place to perform their essential work if the worker:
  - (a) has no symptoms of COVID-19; and
  - (b) is vaccinated; and
  - (c) is required to attend the worker's workplace to perform their essential work; and
  - (d) submits to or self-administers a rapid antigen COVID-19 testing procedure, and returns a negative result, before entering the workplace for the first time each day; and
  - (e) complies with direction 28.
- 19 Despite direction 16, a close contact in quarantine who is the parent of, or responsible for, a close contact referred to in direction 17 may leave their suitable place to drop off or pick up close contact at a day care,

preschool or school in accordance with direction 17.

## **Division 2          Testing and checking for symptoms**

20 While in quarantine, a person must submit to or self-administer an approved COVID-19 testing procedure as follows:

- (a) if the person is vaccinated or a child and in quarantine – within 3 days of the start of the quarantine period and on the 6th day of the quarantine period;
- (b) if the person is an adult and not vaccinated and in quarantine – within 3 days of the start of the quarantine period and on the 6th and 12th days of the quarantine period.

*Note for direction 20*

*The mandatory reporting of rapid antigen test results is required under COVID-19 Directions (No. 16) 2022.*

21 While in quarantine, a person must regularly check for symptoms of COVID-19.

22 If a person tests positive for infection with COVID-19 after an approved COVID-19 testing procedure the person must:

- (a) remain isolated in a suitable place until an authorised officer contacts the person; and
- (b) comply with the directions of an authorised officer.

23 If a person is vaccinated and in quarantine and cannot submit to or self-administer an approved COVID-19 testing procedure on the 6th day of the quarantine period, the person's quarantine period is extended for 3 days for a total of 10 days.

24 If a person self-administers a rapid antigen test under these Directions, the person must:

- (a) use a rapid antigen test approved by the Therapeutic Goods Administration; and
- (b) follow the manufacturer's instructions on storage and administration of the rapid antigen test; and

- (c) after administering the rapid antigen test:
  - (i) retain photos of the test result, the packaging displaying the batch number and a document identifying person; and
  - (ii) complete an approved online declaration that the person fulfilled the conditions specified in paragraphs (a) to (c) for that test.

*Example for direction 24(c)(i)*

*A photo of the person's driver's licence or other form of ID.*

## **Part 4 Rules during isolation and quarantine**

- 25 A child who is required to isolate or quarantine must do so where at least one parent or responsible adult will be responsible for the child during the isolation period or quarantine period.
- 26 A person in isolation or quarantine must not leave the person's suitable place except:
- (a) for urgent medical purposes, including obtaining rapid antigen tests, medical supplies, receiving medical care and being tested or assessed for infection with COVID-19; or
  - (b) in an emergency; or
  - (c) in accordance with direction 17, 17 or 19; or
  - (d) for a compassionate purpose in accordance with a temporary exemption given by me.

*Example for direction 26(d)*

*A person wishes to attend the funeral of a relative or close friend.*

- 27 A person in isolation or quarantine must not permit any other person to enter the person's suitable place unless the other person:
- (a) usually resides at the place; or.
  - (b) in the case of quarantine only – is being quarantined at the same time; or
  - (c) is entering for urgent medical purposes, including delivering medical supplies, providing medical care and testing or assessing

for infection with COVID-19; or

(d) is entering because of an emergency or another urgent reason.

*Note for direction 27*

*A person isolating or quarantining in a suitable place may be subject to further specific instructions from an authorised officer regarding the person's behaviour or the manner in which the person is to isolate or quarantine. See section 53 of the Act.*

28 A person who leaves the person's suitable place for a reason allowed under direction 17, 17 or 19 must, while outside the suitable place:

- (a) wear a face mask securely over the person's nose and mouth; and
- (b) take all reasonable measures to stay at least 1.5 m away from other people.

29 A person is not required to wear a face mask if the person:

- (a) is eating or drinking; or
- (b) is asked to remove the face mask to ascertain the person's identity;  
or
- (c) is requested by a health practitioner to remove the face mask in order to enable the practitioner to administer treatment to the person; or
- (d) must remove it in an emergency.

30 Despite directions 11 and 16, an infected person or a close contact must isolate or quarantine in a place specified by me or an authorised officer, if satisfied that:

- (a) the person does not have a suitable place to isolate or quarantine;  
or
- (b) the person requires treatment or supervision.

31 Despite directions 11 and 16, I or my delegate may extend the isolation period or quarantine period for a person and require them to submit to testing for COVID-19 infection if satisfied that the person is infected or at risk of causing others to be infected.

## **Part 5 Requirements after isolation or quarantine**

- 32 This Part applies to a person who was in isolation or quarantine under these Directions or COVID-19 Directions (No. 4) 2022, as amended.
- 33 During the 7-day period after the end of the person's isolation period or quarantine period, the person must not enter a high risk place unless:
- (a) the person resides in the high risk place; or
  - (b) the person works in the high risk place; or
  - (c) the high risk place is a hospital or any other premises fitted, furnished or staffed for the accommodation of persons for medical or surgical treatment and entry is needed in an emergency.
- 34 During the 7-day period after the end of the person's isolation period or quarantine period, the person must wear a face mask while:
- (a) the person is outside the premises where the person resides; and
  - (b) is within 1.5 m of another person who does not reside at the same premises.
- 35 The person must wear the face mask securely over the person's nose and mouth.
- 36 The person is not required to wear a mask if the person:
- (a) is inside the residence of the person or another person; or
  - (b) is a child:
    - (i) under the age of 12 years; or
    - (ii) attending primary school, while at school; or
  - (c) has a physical or mental health illness or condition, or a disability, that makes wearing a face mask unsuitable; or
  - (d) is engaged in exercise or is swimming; or
  - (e) is communicating with a person who is hearing impaired and visibility of the person's mouth is essential; or
  - (f) is inside a private vehicle or vessel, that is not being used for

commercial purposes, or is alone in a commercial vehicle or vessel; or

- (g) is eating or drinking; or
- (h) is asked to remove the face mask to ascertain the person's identity; or
- (i) is requested by a health practitioner to remove the face mask in order to enable the practitioner to administer treatment to the person; or
- (j) is a teacher, educator or child care worker in a school or child care facility who removes it for the purpose of teaching or child care activities; or
- (k) must remove it in an emergency.

37 A police officer or an authorised officer may:

- (a) request a person who is not wearing a face mask as required by this Part to state the person's reason for not doing so; and
- (b) if the person claims to have a physical or mental health illness or condition, or a disability, that makes wearing a face mask unsuitable – require the person to produce evidence to support that claim.

## **Part 6 Transitional matters**

38 Any person who is in isolation under COVID-19 Directions (No. 4) 2022 when these Directions take effect is subject to these Directions if the person would have any isolation period or quarantine period remaining under these Directions, as calculated in accordance with these Directions from the day the person entered isolation under those Directions.

*Note: for direction 38*

*Persons previously in isolation or quarantine under , COVID-19 Directions (No. 7) 2020 or COVID 19 Directions (No. 21) 2020 were made subject to COVID-19 Directions (No. 4) 2022.*

- 39 Any person who is in isolation under COVID-19 Directions (No. 4) 2022 when these Directions take effect is released from isolation if the person would have no isolation period or quarantine period remaining under these Directions, as calculated in accordance with these Directions from the day the person entered isolation under those Directions.

*Notes for COVID-19 Directions*

- 1 *Section 56 of the Act provides for an offence for failing to comply with a direction given by me under section 52(3) of the Act.*
- 2 *The maximum penalty for the offence is 400 penalty units.*
- 3 *A person is not guilty of the offence if the person has a reasonable excuse.*
- 4 *An infringement notice may be given for failing to comply with these Directions with a fine equal to 32 penalty units for an individual and 160 penalty units for a body corporate.*

3 A person who provides any of the following health services is an essential worker for these Directions:

- (a) emergency medical consulting, procedures and surgery undertaken for the investigation, diagnosis and management of conditions where failure to do so expediently and safely will lead to any of the following outcomes:
  - (i) loss of life;
  - (ii) loss of limb;
  - (iii) permanent disability;
- (b) non-emergency but urgent medical consulting, procedures and surgery undertaken for the investigation, diagnosis and management of conditions where failure to do so in a clinically appropriate timeframe will lead to a predictable and evidence-based outcome as follows:
  - (i) loss of life where appropriate health intervention would otherwise have prevented this;
  - (ii) permanent disability where appropriate health intervention would otherwise have prevented this;
  - (iii) where clinical evidence supports an increased risk of a type referred to in the above points should appropriate health intervention be significantly delayed;

- (c) emergency and licensed non-emergency patient transport;
- (d) any health services provided under the auspices of a hospital, urgent care centre or similar service including remote health clinics;
- (e) any health services provided by a general practitioner;
- (f) any health services provided by a nursing professional or midwife;

4 To avoid doubt, a person who provides the following health services is not an essential worker for these Directions:

- (a) cosmetic surgery or procedures that are elective and do not address significant medical conditions;
- (b) non-urgent elective surgery.

5 In this Schedule:

**critical clinical care** means:

- (a) to prevent a significant change or deterioration in functional independence which would result in an escalation of care needs; or
- (b) to provide assessment and diagnostic services to clients or patients for whom, if care is delayed, it is likely to result in adverse health outcomes (including access to diagnostic imaging services or assessment for prescription of assistive equipment and technology); or
- (c) to provide services that are essential as part of a broader plan of care with a medical practitioner; or
- (d) to provide services that are part of a conservative management plan to avoid or delay elective surgery (as agreed with the treating team); or
- (e) to provide services immediately following elective surgery that prevent secondary complications or aid functional recovery (as agreed with the treating team).

*Example for definition **critical clinical care**, paragraph (a)*

*An increase in frequency of treatment needed, an increased need for prescription medication due to a significant increase in pain, requirement for specialist input or review, an increase in care needs, or a substantial increase to anticipated recovery time associated with a delay in receiving services.*

*Example for definition **critical clinical care**, paragraph (b)*

*Fitting a brace post-surgery.*
