Maybe you have a  
running nose

Or maybe you  
have a cough

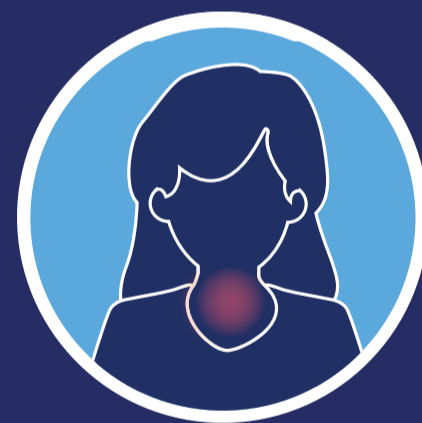

Or maybe you're  
feeling sick and hot  
and sweaty, and  
you have a fever

Or maybe it is  
hard to breathe

Or maybe you can't  
taste things and you  
can't smell things

Or maybe your  
throat hurts

If you have any of the things in the pictures,  
you have to get a coronavirus test
